

# A record of action, a promise of more

## Working for our community

**For too long our local community has lost out, whilst other areas get money and resources lavished on them.** Since you elected Barbara Lewis last year, we have worked closely together to try and reverse the years of neglect under Labour.

We have successfully secured the replacement of the Allison Road traffic calming scheme, with work now underway. We have also run a successful campaign to save Broomhill Police Station from the threat of closure.

Working with Barbara, I have undertaken green initiatives to improve the appearance of our community and also supported the work of local community groups. I want to restore a sense of pride in our community, and the next project will be a major volunteer-led clean-up of Victory Park Cemetery.

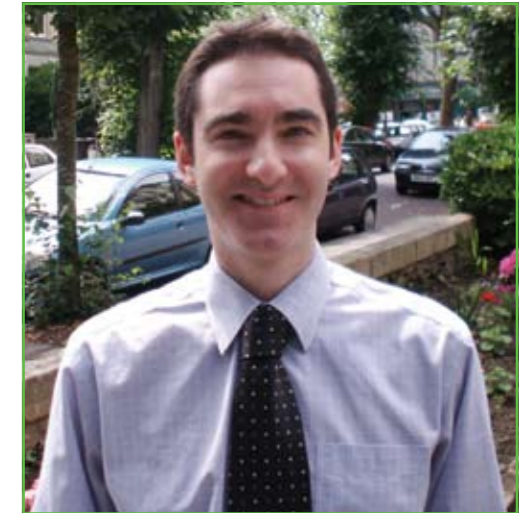

My top priority for the future is to tackle the problem of young people not having enough to do; achieving a secure future for the Wicklea Centre will be at the heart of this. I will work with Barbara to protect local facilities, particularly the Broomhill Elderly Persons Home.

**With your support I believe Barbara and I can make an excellent team, standing up for the rights of local residents and our community.**

## I promise to campaign on your behalf to:

1. Secure the Police Community Support Officers we were promised
2. Increase youth services to help with anti-social behaviour
3. Secure the future of the Wicklea Centre
4. Promote a clean and green environment
5. Defend Broomhill Police Station, recently saved as a result of our campaign
6. Secure the future of Broomhill Elderly Persons Home
7. Improved sporting facilities for St Anne's Park
8. Resist over-development that will impact adversely on our community

Bristol City Council Elections

Thursday 3rd May 2007

"So let us be clear about what we're fighting for. We're fighting to improve our National Health Service, which makes such a difference to the quality of so many people's lives. We're fighting for a cleaner, greener environment - locally and globally - for this generation and those that will follow.

We're fighting to support our families: with childcare, with more flexible career opportunities, with a commitment to marriage as the essential institution of a strong society. We're

fighting to tackle the causes of poverty as well as its symptoms, and we're fighting for better schools so every child has the chance to fulfil their potential. We're fighting for better public transport so it's not such a hassle to get around.

And we're fighting to cut the crime that wrecks the quality of life in so many of our neighbourhoods."
