

A record of action, a promise of more

Working for our community

I am proud to have been selected as the Conservative candidate for Brislington West.

I have lived in Brislington for the last twenty years, so understand the problems and frustrations you feel when nothing is done for our community.

The Council assumes that because we are a 'fairly wealthy' suburb of Bristol that we have no problems. But as I walk around the area I see graffiti, litter, fly tipping, all needing sorting by your local Council. Parking is horrendous in Brislington West, but I see new developments being built without adequate parking. You need a councillor who will be proactive and fight these ludicrous planning applications. You need a councillor who will start to question the level of congestion on the Bath Road, and do something about it.

Anti social behaviour is becoming a problem in Brislington West, with young people hanging about with nothing to do. I am determined to make sure the Wicklea Centre is kept open and expanded so

that the whole community has a focal meeting point, and young people have somewhere to go. But I also want to see the Community Police officers we were promised, so that people can feel safer walking the streets.

Vote on May 3rd for a change. Vote for a Councillor who genuinely has the local community as his main concern. Vote for me and I will make Brislington an even better place to live and work.

I promise to campaign on your behalf to:

1. Fight to reduce traffic congestion on the Bath Road.
2. Secure the future of Wicklea Youth and Community Centre.
3. Maintain a clean, green environment.
4. Secure the Police Community Support Officers we were promised.
5. Work with supermarkets and local shops to deal with litter issues near their premises.
6. Fight for more youth services to help deal with anti-social behaviour.

Bristol City Council Elections

Thursday 3rd May 2007

"So let us be clear about what we're fighting for. We're fighting to improve our National Health Service, which makes such a difference to the quality of so many people's lives. We're fighting for a cleaner, greener environment - locally and globally - for this generation and those that will follow.

We're fighting to support our families: with childcare, with more flexible career opportunities, with a commitment to marriage as the essential institution of a strong society. We're

fighting to tackle the causes of poverty as well as its symptoms, and we're fighting for better schools so every child has the chance to fulfil their potential. We're fighting for better public transport so it's not such a hassle to get around.

And we're fighting to cut the crime that wrecks the quality of life in so many of our neighbourhoods."

David Cameron March 2007
