39 Thingwall Park, Fishponds BS16 2AJ.

Working for our community

Over the last four years I have worked hard as your Councillor to improve the quality of life of local people and improve our community.

I have strongly supported the efforts of the Activate Group to rejuvenate Fishponds, including bringing the Farmer's Market to Straits Parade and transforming our Park.

I have actively campaigned in support of our local hospitals, including opposing the Labour decision to downgrade Frenchay Hospital. I will continue to support all efforts to save Frenchay Hospital. As a strong supporter of Cossham Hospital, I am delighted with the decision to refurbish it, so that once again it can become a flagship community hospital.

There is much more that I want to achieve. I want to improve the local services our community receives, including securing a brand new library to serve Fishponds. I am also working hard to secure the future of Oldbury Court Community Centre. I will continue my campaigns to see Fishponds Police Station

opened to the public, the Park and Ride proposal on Stapleton smallholdings finally scrapped and for major improvements to local parks.

The most rewarding aspect of serving you has been helping hundreds of people with problems and queries.

With your support I hope to continue serving our community.

Your priorities are my priorities

1. Firmer action to protect older people in Council-owned housing from abuse and harassment.
2. A clean environment - stopping fly tipping, rapid removal of our waste, and efficient street cleaning.
3. Fighting anti-social behaviour, and ensuring that we get the PCSO's we were promised.
4. Ensuring that new developments take local concerns into account.
5. Getting Fishponds Police Station open to the community.
6. Keeping Oldbury Court Community Centre open.
7. Improvements in existing facilities for younger children and new ones provided for older children.
8. Improving local parks, play areas, and open spaces.

Bristol City Council Elections

Thursday 3rd May 2007

"So let us be clear about what we're fighting for. We're fighting to improve our National Health Service, which makes such a difference to the quality of so many people's lives. We're fighting for a cleaner, greener environment - locally and globally - for this generation and those that will follow.

We're fighting to support our families: with childcare, with more flexible career opportunities, with a commitment to marriage as the essential institution of a strong society. We're

fighting to tackle the causes of poverty as well as its symptoms, and we're fighting for better schools so every child has the chance to fulfil their potential. We're fighting for better public transport so it's not such a hassle to get around.

And we're fighting to cut the crime that wrecks the quality of life in so many of our neighbourhoods."

David Cameron March 2007
