

A record of action, a promise of more

Working for our community

I am proud to have been re-selected as the Conservative Candidate for Hartcliffe Ward to fight this year's local elections.

As you may know, I have lived in the area for the past eleven years, raised a family of five children, been a governor of two local schools and an active member of the Withywood Community Forum.

As a parent, local resident and community campaigner, I want the Council to listen more to our views and provide a cleaner, greener and safer neighbourhood in which to live.

In last year's local elections, thanks to your support, I came within a whisker of defeating the sitting Labour councillor.

As someone who lives in and cares passionately about our community, I am not content to see things in Headley Park and Hartcliffe carry on in the same old way.

Based on my proven record of getting things done, I know that I can achieve much more for you if I am elected as your City Councillor on 3rd May. Please give me your support at the ballot box and, together, I am certain we can improve our community for the better.

I promise to campaign on your behalf to:

- Fight to reduce crime and anti-social behaviour and to make our streets safer.
- Campaign to save Bishopsworth Swimming Pool from closure.
- Support local people in dealing with nuisance neighbours and drug dens.
- Secure our promised allocation of Police Community Support Officers.
- Work to make parks and open spaces accessible to the whole community.
- Create a clean, green environment.

Bristol City Council Elections

Thursday 3rd May 2007

"So let us be clear about what we're fighting for. We're fighting to improve our National Health Service, which makes such a difference to the quality of so many people's lives. We're fighting for a cleaner, greener environment - locally and globally - for this generation and those that will follow.

We're fighting to support our families: with childcare, with more flexible career opportunities, with a commitment to marriage as the essential institution of a strong society. We're

fighting to tackle the causes of poverty as well as its symptoms, and we're fighting for better schools so every child has the chance to fulfil their potential. We're fighting for better public transport so it's not such a hassle to get around.

And we're fighting to cut the crime that wrecks the quality of life in so many of our neighbourhoods."
