

A record of action, a promise of more

Working for our community

I feel honoured to have been selected to fight Lawrence Hill Ward as your Conservative Candidate in May's local elections.

As a genuinely local person, I share the anger of many residents who feel that our community has been badly let down by the Lib Dem-run Council. Despite all their fine words and promises, Lawrence Hill's needs are still being shamefully neglected.

Living and working as a practising solicitor in Stapleton Road, with my wife and family, I want a local councillor who will stand up for our area and fight for what really matters:

- Real action to make our streets safer.
- Removing the menace of drugs
- Good quality local parks of which we can be proud
- Reliable and cheap public transport
- A caring community which has confidence in itself

With your support, I am confident that I have the enthusiasm, energy and commitment to serve Lawrence Hill and obtain a fair deal for all who live

and work here. Please give me your support in the ballot box on 3rd May so that we can make a start in changing things for the better.

I promise to campaign on your behalf to:

1. Improve public transport and tackle parking problems
2. Clean up Stapleton Road
3. Fight to reduce crime and anti-social behaviour to make our streets safer
4. Support local people in dealing with nuisance neighbours and drug dens
5. Secure our promised allocation of Police Community Support Officers
6. Work to make parks and open spaces accessible to the whole community
7. Create a clean, green environment

Bristol City Council Elections

Thursday 3rd May 2007

"So let us be clear about what we're fighting for. We're fighting to improve our National Health Service, which makes such a difference to the quality of so many people's lives. We're fighting for a cleaner, greener environment - locally and globally - for this generation and those that will follow.

We're fighting to support our families: with childcare, with more flexible career opportunities, with a commitment to marriage as the essential institution of a strong society. We're

fighting to tackle the causes of poverty as well as its symptoms, and we're fighting for better schools so every child has the chance to fulfil their potential. We're fighting for better public transport so it's not such a hassle to get around.

And we're fighting to cut the crime that wrecks the quality of life in so many of our neighbourhoods."
